BRAND

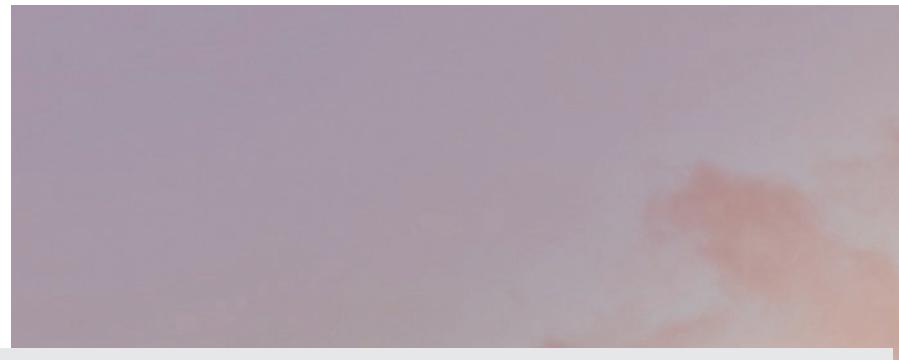

A wide-angle photograph of a mountainous landscape. In the foreground, there's a mix of brown, dry grass and patches of snow or ice on rocky terrain. The middle ground shows a deep valley with more snow-covered slopes and some small, isolated trees. The background features several majestic, rugged mountain peaks, their slopes partially covered in snow and others in deep shadow. The lighting suggests either sunrise or sunset, with warm orange and yellow hues on the exposed rock faces.

The best
pole and glove
in the world
for everybody.

LEKI

VISION

Our vision isn't new; it's as old as the first ski pole made by Karl Lenhart in the early 1960s.

Karl was a passionate skier who dreamt of the perfect pole. He decided to improve upon the fragile bamboo shafts he'd been using at the time. With his experience in aircraft construction, he manufactured the first pole from aluminum, a metal that's strong, light and flexible all at the same time. Since then, ideas for improvements and innovations have continued. We start with the top athletes. When the best in the world are 100% satisfied, so are we. As we continue to evolve, it's important for us to gather input from world-class athletes as well as from recreational enthusiasts to ensure that the improvements we make meet the needs of all users. The story of LEKI is the story of the people and their exciting endeavors to climb the highest mountains, ski the race of their lives or discover unknown places. We provide extra speed, security, comfort and support, and we like to think of ourselves as the tailwind on your personal journey to top performance and unforgettable moments in the outdoors.

You can do it without tailwind, but once you've had it, you'll never want to be without it again!

Unsere Vision ist nicht neu, sie ist so alt wie der erste Skistock, den Karl Lenhart in den frühen 60er-Jahren gebaut hat. Karl war ein passionierter Skifahrer, der von einem perfekten Skistock geträumt hat. Er wollte die fragilen Bambusschäfte ersetzen, die damals verwendet wurden. Mit seiner Erfahrung aus dem Flugzeugbau konstruierte er den ersten Stock aus Aluminium. Ein Material, das stabil, leicht und flexibel zugleich ist. Seit diesem Zeitpunkt entstehen fast täglich neue Innovationen und Verbesserungen bei LEKI. Wir fangen bei unseren Topathleten an. Nur wenn die Besten der Welt 100 % zufrieden sind, sind wir es auch. Für uns ist es aber nicht nur wichtig, Feedback von Weltklasse-Athleten einzuholen, sondern auch von unseren begeisterten Freizeitsportlern. Denn wir wollen sicherstellen, dass unsere Produkte und Innovationen den Bedürfnissen aller Benutzer entsprechen. Die Geschichte von LEKI ist die Geschichte der Menschen und ihren spannenden Erfahrungen, die höchsten Berge zu besteigen, das Rennen ihres Lebens zu fahren oder unbekannte Orte zu entdecken. Wir versorgen dich mit einer extra Portion Geschwindigkeit, Sicherheit, Komfort und Unterstützung. Wir sind der Rückenwind auf deinem Weg zu Höchstleistungen oder unvergesslichen Outdoormomenten. Du kannst ohne Rückenwind unterwegs sein, aber wenn du einmal Rückenwind hattest, möchtest du nie wieder ohne sein!

We are the tailwind on the way
to your personal top performance
and joyful moments outdoors.

LEKI

PURPOSE

HIGH-END PRODUCTS

We work passionately to create long-lasting products with exceptional value. It's our premise to combine high-end performance with security and comfort. We consult experts and professional athletes during the development process to guarantee LEKI's unique level of quality. More than 250 patents are proof of LEKI's level of innovation and quality.

Wir arbeiten leidenschaftlich daran, langlebige Produkte mit außergewöhnlichem Wert zu schaffen. Es ist unsere Prämisse, High-End-Leistung mit Sicherheit und Komfort zu kombinieren. Wir konsultieren Experten und Profisportler während des Entwicklungsprozesses, um das einzigartige Qualitätsniveau von LEKI zu gewährleisten. Mehr als 250 Patente sind ein Beweis für das Innovations- und Qualitätsniveau von LEKI.

MADE IN EUROPE

The majority of our products are produced in our own factory in the Czech Republic. The biggest advantage of the European location is the local supply chain and quick shipment. This eliminates long delivery routes. We can control the complete supply chain in every step and down to the finest detail.

Der Großteil unserer Produkte wird in unserer modernen Fertigungsstätte in Tschechien hergestellt. Die größten Vorteile des europäischen Standorts sind die lokalen Lieferketten und der schnelle Versand. Dadurch entfallen lange Lieferwege und wir können die gesamte Lieferkette bis ins kleinste Detail steuern.

PRODUCTION STANDARDS

For many years, we have invested in the most modern production equipment with the best available technology and energy efficiency. We are proud to have the highest standards in terms of health and safety for our employees and environmental impact of production.

Seit vielen Jahren investieren wir in modernste Produktionsanlagen mit der besten verfügbaren Technologie und Energieeffizienz. Wir sind stolz darauf, die höchsten Standards in Bezug auf Gesundheit und Sicherheit für unsere Mitarbeiter und die Umweltauswirkungen der Produktion zu haben.

SOCIAL RESPONSIBILITY

For years LEKI has been supporting regional social associations as well as internationally projects. We attach great importance to the High Five Foundation, which supports athletes with life-changing injuries as a result of mountain sports during rehabilitation. As a global brand it is important to us to take over responsibility on a local level. With the support of charity and events we contribute to the success of the region we are operating from.

LEKI unterstützt seit vielen Jahren sowohl regionale Verbände, als auch internationale Projekte. Am Herzen liegt uns die High Five Foundation, eine Organisation, die Bergsportler nach lebensverändernden Verletzungen bei der Rehabilitation unterstützt. Als globale Marke ist es uns aber auch wichtig, auf lokaler Ebene Verantwortung zu übernehmen. Mit der Unterstützung von Wohltätigkeitsorganisationen und Veranstaltungen tragen wir zum Erfolg der Region bei, in der wir tätig sind.

SERVICE & REPAIR

Even after many years of wear and tear, sometimes decades, we do everything possible to extend the life of its products. With our worldwide network of service and repair center we can clean, maintain and repair generations of poles. LEKI guarantees to provide spare parts for at least 10 years for all products.

Mit einem weltweiten Netz an spezialisierten Service-Centern können Produkte nach jahrelanger intensiver Nutzung repariert und wiederinstandgesetzt werden. Teil der LEKI-DNA sind verlässliche und langlebige Produkte. Bis zu zehn Jahre werden die Ersatzteile durch LEKI bevoorratet.

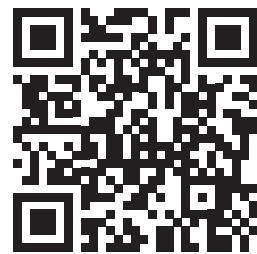

FX FOLDABLE AND EXCHANGEABLE.

Reliable and durable products have always been a large part of the LEKI DNA. The FX technology is the next step in service and repair. LEKI has the patented technology to replace the lower and middle section 3 within minutes – quick and easy, everybody can do that. This will be the natural extension of the life cycle of your LEKI product.

Zuverlässige und langlebige Produkte waren schon immer ein großer Teil der LEKI-DNA. Die FX-Technologie ist der nächste Schritt in Richtung Service und Reparatur. Mit der patentierten FX-Technologie lassen sich das Unter- und Mittelteil drei innerhalb weniger Minuten austauschen – schnell und leicht für jedermann. So wird der Lebenszyklus deines LEKI Produkts auf einfache Weise verlängert.

BE YOUR OWN GUIDE.

AERGON AIR

The ultimate trekking grip with a maximum of ergonomic support. Guidance, control and comfort like nothing before.

Der ultimative Trekking-Griff mit maximalem ergonomischen Support. Führung, Kontrolle und Komfort wie nie zuvor.

Hollow core

Lightweight construction with increased ergonomic grip surface.

Leichte Konstruktion mit gesteigerter ergonomischer Grifffläche.

Positive Angle Top

Ergonomic support for a relaxed wrist.

Ergonomische Unterstützung für ein entspanntes Handgelenk.

Guiding Nose

Maximum grip and downhill comfort.

Maximaler Halt und Komfort beim Bergabgehen.

Diamond Surface

Maximum grip zone with a fully rubberized back.

Maximale Grifffläche mit gummiertem Rücken.

TRAIL SHARK

Pure trail running performance. 30% lighter with race optimized usability for challenging conditions.

Echte Trail Running Performance. 30 % leichter mit einer rennoptimierten Nutzung für anspruchsvolle Bedingungen.

Quick Release Button

Fast and easy click-out under any conditions.

Schnelles und einfaches Ausklicken unter allen Bedingungen.

Air Channels

Lightweight construction reduced to the essential.

Leichte Konstruktion auf das Minimum reduziert.

Easy access hook

Fast and easy click-in without looking.

Schnelles und einfaches Einklicken ohne hinzusehen.

Guiding Nose

Support for the second grip option.

Unterstützung für die zweite Griffoption.

LESS MEANS FASTER.

Trail Running LESS MEANS FASTER.

When Pau Capell sustained a serious knee injury while playing soccer at the age of 20, his doctor recommended that he slowly start training in the mountains in order to strengthen his muscles. He discovered trail running, stuck with it and is now one of the most successful trail running athletes in the world. Races weren't held in 2020 due to the pandemic, but that didn't prevent Pau Capell from competing in the UTMB by himself, running 180 kilometers at an altitude of over 10,000 meters. His motto is "Always further, always higher, always more."

Als sich Pau Capell als 20-jähriger beim Fußball eine schwere Knieverletzung zuzog, empfahl ihm sein Arzt in den Bergen langsam mit dem Training zu beginnen um seine Muskulatur zu kräftigen. Er entdeckte Trail Running für sich, blieb dabei und ist heute einer der erfolgreichsten Trail Running Athleten der Welt. Im Jahr 2020 konnten keine Rennen stattfinden, das hinderte Pau Capell aber nicht daran den UTMB komplett alleine zu bestreiten – 180 Kilometer, über 10.000 Höhenmeter. Für ihn heißt es: immer weiter, immer höher, immer mehr.

Mountaineering STRONG AS YOU ARE.

Born in 1990, Michi Wohlleben was carried on his father's back as a child in the mountains. At the young age of 14, he had already been to the summit of Mont Blanc. At 19 years of age, he managed the first ascent of "Pray for Power", a mixed route that's one of the first M14s in the world. Michi can often be found at 3,000 meters above sea level and enjoys it most when it's particularly challenging. His passions: mountaineering, climbing and, above all, making dreams come true.

Der 1990 geborene Michi Wohlleben wurde schon als Kind in den Bergen auf dem Rücken seines Vaters getragen. Das führte wahrscheinlich dazu, dass er schon mit 14 Jahren auf dem Mont Blanc stand. Mit 19 Jahren gelang ihm die Erstbegehung „Pray For Power“, eine Mixedroute, die zu einer der ersten M14 der Welt gehört. Gewöhnlich findet man Michi meistens eher ab 3000m, hier darf es ruhig anspruchsvoll sein. Seine Leidenschaft: Mountaineering, Klettern und vor allem Träume verwirklichen.

POLE OVERVIEW

Trekking BE YOUR OWN GUIDE.

Benno Keill is a master of mountain sports. He earned his degree in sports economics and, at the same time, completed a three-and-a-half year training period as a mountain guide. Afterwards, he opened a mountain school along with his good friend Michael Stacheder in order to share his passion for the mountains. When trekking, his motto is "You're never at the top". For him, it holds true whether he's on a demanding day trip or a multi-day hut tour. Join Benno on his tours under www.mountain-elements.com.

Bergsport in allen Facetten – das ist Benno Keill. Parallel absolvierte er ein Sportökonomie-Studium und eine dreieinhalbjährige Bergführerausbildung um dann mit seinem guten Freund Michael Stacheder eine Bergschule zu eröffnen und die Leidenschaft für die Berge weiterzugeben. Seinem Motto „Wirklich oben bist Du nie“ folgt er vor allem beim Trekking. Hier darf es gerne sportlicher sein. Egal ob beim anspruchsvollen Tagestrip oder der mehr-tägigen Hüttentour. Bennos Touren findest du unter www.mountain-elements.com.

Nordic Walking CONNECT TO THE MOMENT.

42-year-old Cora is a passionate journalist. To compensate for this fulfilling but demanding job, she participates in Nordic walking in her free time. The advantage for her? She's able to complete her daily exercise session while catching up with her best friend. They walk their home route together and exchange news and ideas while Nordic walking. An effective full-body workout plus effective time management – what could be better?

Die 42-jährige Cora ist eine passionierte Journalistin. Als Ausgleich zu diesem interessanten, aber anspruchsvollen Beruf macht sie in ihrer Freizeit Nordic Walking. Der Vorteil daran? Ihre tägliche Sporteinheit kann sie mit einem Treffen mit ihrer besten Freundin verbinden. Zu zweit laufen sie ihre Hausstrecke und können sich neben dem Nordic Walking über Neuigkeiten austauschen. Effektives Ganzkörpertraining plus effektive Zeiteinteilung.

TRAIL SHARK

100% optimized for trail running. Light-weight Air Channel construction and simplified operation for quick and easy click in and out during competition.

100% für Trail Running optimiert. Leichtigkeit durch Air Channel Konstruktion und vereinfachte Bedienung für schnelles und einfaches Ein- und Ausklicken während des Wettkampfes.

100% optimisé pour le trail running. Construction légère en Air Channel et fonctionnement simplifié pour une mise en place et un retrait rapides et faciles pendant la compétition.

100% ottimizzato per il trail running. La struttura Air Channel garantisce leggerezza e maggiore facilità e rapidità di utilizzo in gara: assemblaggio e smontaggio in un solo click.

CROSS SHARK

The perfect combination of speed and comfort for fast mountain hiking. The strap system provides maximum energy transfer.

Die perfekte Verbindung aus Geschwindigkeit und Komfort für schnelles Berggehen. Die Systemschlaufe bietet maximale Kraftübertragung.

La combinaison parfaite de vitesse et de confort pour une marche rapide en montagne. La boucle du système offre une transmission de puissance maximale.

La perfetta combinazione di velocità e comfort per l'escursionismo in montagna. La struttura del lacciolo massimizza il trasferimento di forza.

SHARK 2.0

Versatile multisport grip for perfect energy transfer and easy handling.

Vielseitiger Multisport-Griff für perfekte Kraftübertragung und einfache Handhabung.

Poignée multisport polyvalente pour une transmission parfaite de la puissance et une manipulation aisée.

Impugnatura versatile multisport per un perfetto trasferimento di forza senza rinunciare alla comodità.

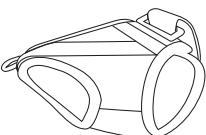

SHARK SYSTEM

Mesh straps for all Shark grips.

Mesh-Schlaufen für alle Shark Griffe

Boucles en maille pour toutes les poignées Shark.

Laccioli in materiale mesh compatibili con tutte le impugnature Shark.

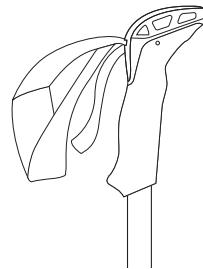

AERGON AIR

For the maximum comfort and highest ergonomic support while trekking. Ergonomics, guidance and control like no other grip.

Für den maximalen Komfort und höchste ergonomische Unterstützung beim Trekking. Ergonomie, Führung und Kontrolle wie bei keinem anderen Griff.

Pour un confort maximal et un soutien ergonomique optimal lors des randonnées. Ergonomie, guidage et contrôle comme aucune autre poignée.

Per il massimo comfort e supporto ergonomico durante il trekking. Ergonomia, conduzione e controllo come nessun'altra impugnatura.

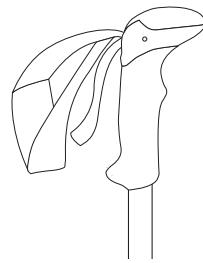

AERGON

Rounded trekking grip with proven comfort and ergonomic grip zones as well as integrated safety adjustment strap.

Kantenloser Trekking-Griff mit bewährtem Komfort und ergonomischen Griffzonen sowie integrierter Sicherheits-Verstellschlaufe.

Poignée de trekking sans bord avec des zones de confort et de prise ergonomique éprouvées ainsi qu'une boucle de réglage de sécurité intégrée.

Impugnatura liscia da trekking dall'elevato comfort, dotata di superfici di presa ergonomiche e laccio di regolazione con meccanismo di sicurezza integrato.

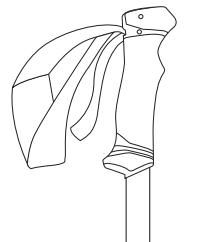

EVOCON

Trekking grip with rounded support surface and safety adjustment strap.

Trekkinggriff mit abgerundeter Stützfläche und Sicherheits-Verstellschlaufe.

Poignée de trekking avec surface d'appui arrondie et boucle de réglage de sécurité.

Impugnatura da trekking con superficie di appoggio arrotondata e laccio di regolazione con meccanismo di sicurezza integrato.

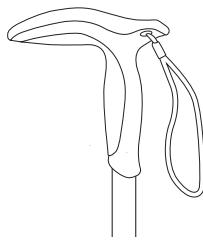

AERGOMED

Ergonomic shape provides comfortable support for walking and everyday life.

Bietet Unterstützung beim Spaziergang und im Alltag auf komfortable Weise dank ergonomischer Form.

Fournit un soutien pour la marche et la vie quotidienne de manière confortable grâce à sa forme ergonomique.

Fornisce un comodo supporto durante la camminata e nella vita di tutti grazie al design ergonomico.

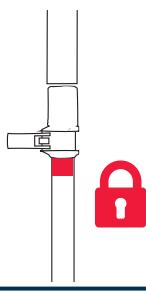

FOLDING POLES

CLD - CORE LOCKING DEVICE

Slim, internal design for simple assembly and disassembly of folding poles.

Schlank, innenliegende Konstruktion für simples Auf- und Abbauen von Faltstöcken.
Construction interne mince pour un montage et un démontage simples des perches pliantes.

Struttura interna sottile per assemblare e smontare rapidamente i bastoni.

ELD - EXTERNAL LOCKING DEVICE

Special design for easy and comfortable release and attachment of folding poles.

Spezielle Konstruktion zum einfachen und komfortablen Lösen und Fixieren von Faltstöcken.

Construction spéciale pour un desserrage et une fixation faciles et confortables des perches pliantes.

Design ideato per un facile e rapido assemblaggio e smontaggio dei bastoni pieghevoli.

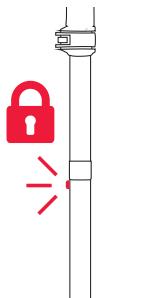

PB - PUSH-BUTTON

Push-button release mechanism for quick assembly and disassembly of folding poles.

Push-Button Release Mechanismus zum schnellen Auf- Und Abbau von Faltstöcken.

Mécanisme de libération à bouton-poussoir pour un montage et un démontage rapides des perches pliantes.

Meccanismo di sblocco Push Button per un rapido assemblaggio e smontaggio dei bastoni.

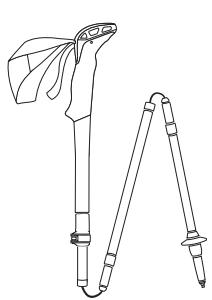

VARIO FOLDING POLES

Adjustable, folding poles adapt to different terrain and can be stowed in a backpack.

Verstellbare Faltstöcke zum Anpassen in unterschiedlichem Terrain und Verstauen im Rucksack.

Bâtons pliables et réglables pour s'adapter aux différents terrains et se ranger dans votre sac à dos.

Bastoni pieghevoli regolabili adatti a vari tipi di terreno e al trasporto nella zaino.

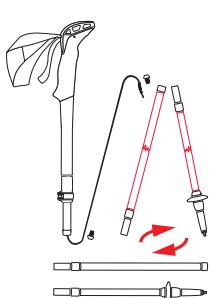

FX FOLDING POLES

Segment change technology for long-lasting use of folding poles. Easy replacement of the segments possible.

Segmentwechsel-Technologie zur nachhaltigen Nutzung von Faltstöcken. Einfacher Austausch der Segmente möglich.

Technologie de changement de segment pour une utilisation durable des perches pliantes. Possibilité d'échanger facilement les segments.

Tecnologia a segmenti intercambiabili per una lunga durata dei bastoni. I vari segmenti dell'asta possono essere sostituiti facilmente.

WATCH HOW THE FX TECHNOLOGY WORKS!
<https://youtu.be/KCv9sgNGIRO>

LOCKING DEVICES

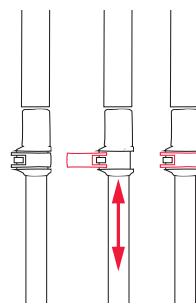

SPEED LOCK

TÜV Süd-certified external clamping for easiest adjustment and maximum holding force.

TÜV Süd-zertifizierte Außenklemmung für einfaches Verstellen und maximale Haltekraft.

Serrage externe certifiée TÜV Süd pour un réglage plus facile et une force de maintien maximale.

Bloccaggio esterno certificato TÜV Süd per garantire facilità di regolazione e massima tenuta.

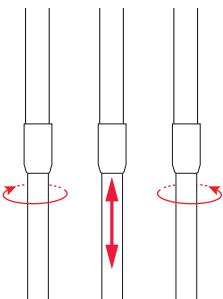

SUPER LOCK

Slim internal adjustment system with maximum holding force and reverse rotation prevention.

Schlankes Innenverstellsystem mit höchster Haltekraft und Rückdrehssicherheit.

Système de réglage interne mince avec force de maintien maximale et sécurité de rotation inverse.

Sistema di regolazione sottile e integrato per garantire la massima tenuta e sicurezza nei movimenti.

MATERIAL

CARBON

HRC means Highest Racing Carbon. The lightest poles of this top level are split into HRC Max and HRC.

PRC means Performance Racing Carbon and is split into 3 quality levels: PRC 1000, PRC 850 and PRC 700.

CC means Carbon Composite with the level CC 600 and CC 300.

HRC steht für Highest Racing Carbon. Für die leichtesten Stöcke gibt es HRC Max und HRC.

PRC bedeutet Performance Racing Carbon. Hier prägen 3 Qualitätslevel die Kollektion: PRC 1000, PRC 850 und PRC 700.

Mit **CC** beschreibt LEKI die Kategorie Carbon Composite mit dem Level CC 600 und CC 300.

HRC est l'abréviation de Highest Racing Carbon. Pour les perches les plus légères, il y a le HRC Max et le HRC. PRC est l'abréviation de Performance Racing Carbon. Trois niveaux de qualité caractérisent la collection : PRC 1000, PRC 850 et PRC 700. CC est la description de LEKI pour la catégorie des composites de carbone avec le niveau CC 600 et CC 300.

HRC sta per Highest Racing Carbon. I bastoni più leggeri vengono realizzati in HRC Max e HRC. **PRC** significa Performance Racing Carbon. Questa gamma offre 3 livelli di qualità: PRC 1000, PRC 850 e PRC 700.

Con la sigla **CC**, LEKI indica la categoria di composto di carbonio pari al livello CC 600 e CC 300.

ALUMINIUM

HTS (Heat Treated Shaft) is the highest quality in the LEKI aluminum line. 3 levels: HTS 6.5, HTS 6.0 and HTS 5.5.

TS is LEKI's basic quality for Aluminum poles in 3 levels: TS 5.0, TS 4.5 and 4.0.

All details are internal LEKI categories

HTS (Heat Treated Shaft) ist die höchste Qualität bei den LEKI Aluminium Modellen mit 3 Level: HTS 6.5, HTS 6.0 und HTS 5.5.

TS ist die Basis-Qualität bei den LEKI Aluminium Modellen mit 3 Level: TS 5.0, TS 4.5 und TS 4.0.

Alle Angaben sind LEKI interne Kategorien.

HTS (Heat Treated Shaft) est la qualité la plus élevée pour les modèles en aluminium LEKI avec 3 niveaux : HTS 6.5, HTS 6.0 et HTS 5.5. TS est la qualité de base pour les modèles en aluminium LEKI avec 1 niveau : TS 5.0, TS 4.5 et TS 4.0.

Toutes les spécifications sont des catégories internes LEKI.

HTS (Heat Treated Shaft) è il più alto standard di qualità per i modelli LEKI in alluminio con 3 livelli: HTS 6.5, HTS 6.0 e HTS 5.5.

TS è lo standard di base per i modelli LEKI in alluminio con un solo livello: TS 5.0, TS 4.5 e TS 4.0.

Tutte le denominazioni sono categorie create internamente da LEKI.

ANTISHOCK

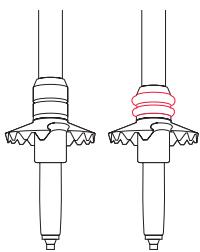

DSS

Shock absorbing system for relief of muscles, joints and ligaments.

Dämpfungssystem zur Entlastung von Muskulatur, Gelenken und Bändern.

Système de rembourrage pour soulager les muscles, les articulations et les ligaments.

Sistema di ammortizzazione per alleviare lo sforzo di muscoli, articolazioni e legamenti.

TIPS/BASKETS

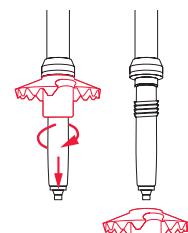

TREKKING BASKET

Interchangeable plate compatible with any Flextip.

Wechselbarer Teller kompatibel mit jeder Flextip.

Plaque interchangeable compatible avec tout Flextip.

Piatta intercambiabile compatibile con ogni puntale Flextip.

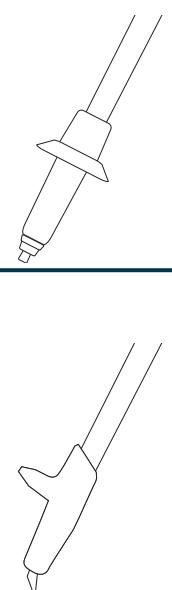

TRAIL RUNNING TIP

Lightweight plate-tip combination for optimized swinging action and maximum grip on any surface.

Leichte Teller-Spitzen-Kombination für optimiertes Schwungverhalten und maximalem Halt auf jedem Untergrund.

Combinaison légère disque/poïnte pour des caractéristiques de swing optimisées et une adhérence maximale sur toute surface.

Combinazione piatto-puntale ultraleggera per garantire il massimo comfort in fase di oscillazione e tenuta sicura su ogni terreno.

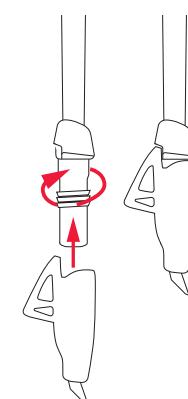

SPEED TIP

Assymetrical carbide tip for pinpoint pole use and perfect grip.

Assymetrische Hartmetallspitze für punktgenauen Stockeinsatz und perfekten Halt.

Pointe carbure assymétrique pour une utilisation précise de la canne et une prise en main parfaite.

Puntale asimmetrico in metallo temperato per un appoggio preciso e una tenuta perfetta.

FIN VARIO

Easily change the plate size for different trail conditions or to a special ski roller tip without tools.

Werkzeugloses Wechseln der Tellergrösse für unterschiedliche Loipen-Beschaffenheiten oder auf spezielle Skirollerspitze.

Changement sans outil de la taille de la plaque pour des conditions de piste différentes ou pour une pointe de rouleau de ski spéciale.

Cambio del piatto rapido e senza attrezzi per adattarsi alle caratteristiche delle diverse piste da fondo o per applicare i puntali speciali da skiroll.

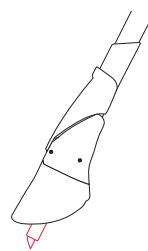

SMART TIP 2.0

Extendable carbide tip for perfect grip in almost any terrain. Pads can be changed without tools.

Ausfahrbare Hartmetallspitze für perfekten Halt in nahezu jedem Gelände. Werkzeugloser Pad-Wechsel.

Pointe en carbure extensible pour une prise en main parfaite sur presque tous les terrains. Changement de tampon sans outil.

Puntale estensibile in metallo temperato per una tenuta perfetta su quasi ogni tipo di terreno. Sostituzione piatto senza attrezzi.

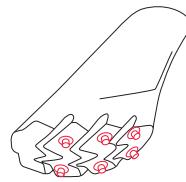

SILENT SPIKE PAD

Durable rubber pad with integrated carbide pins for perfect grip and quiet pole use.

Langlebiger Gummipuffer mit integrierten Hartmetallstiften für perfekten Halt und geräuscharmen Stockeinsatz.

Butoir en caoutchouc durable avec picots en carbure intégrés pour une prise en main parfaite et une utilisation silencieuse de la canne.

Resistente piedino in gomma con perni in metallo integrati per una tenuta perfetta e un appoggio senza rumore.

GLOVES

SYSTEM TECHNOLOGIES

SHARK SYSTEM

Perfect fit, optimum guidance and excellent power transmission, especially for Nordic sports.

Perfekter Sitz, optimale Führung und hervorragende Kraftübertragung speziell für den nordischen Einsatz.

Ajustement parfait, guidage optimal et excellent transfert de puissance, spécialement pour l'utilisation en ski nordique.

Impugnatura perfetta, ottima guida ed eccezionale trasmissione della forza soprattutto per l'uso nello sci nordico.

SHARK SYSTEM BOA

Perfect fit, most direct connection and therefore best power transmission through the integration of Trigger Shark and The Boa® Fit System especially for Nordic use.

Perfekte Passform, direkteste Verbindung und dadurch beste Kraftübertragung durch die Integration von Trigger Shark und The Boa® Fit System speziell für den nordischen Einsatz.

Ajustement parfait, connexion la plus directe et donc meilleur transfert de puissance grâce à l'intégration du Trigger Shark et du système Boa® Fit spécialement conçu pour l'usage nordique.

Impugnatura perfetta e collegamento diretto e quindi migliore trasmissione della forza attraverso l'integrazione del sistema Trigger Shark con il sistema The Boa® Fit per l'uso nello sci nordico.

GLOVE TECHNOLOGIES

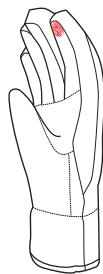

MF TOUCH

Easy operation of capacitive touch screens without taking off the gloves.

Einfache Bedienung kapazitiver Touchscreens ohne die Handschuhe ausziehen zu müssen.

Utilisation facile des écrans tactiles capacitifs sans devoir retirer les gants.

Utilizzo semplice dei touchscreen capacitivi, senza dover togliere i guanti.

WARMTH LEVEL

Heat level based on

- Shell, insulation and lining materials
- Hydrophobic properties
- Fit and construction

Additional influencing factors

- Individual sensitivity
- Sufficient glove size selection
- Overall clothing concept
- Product care and impregnation

Wärmelevel basierend auf

- Shell-, Isolations- und Futtermaterialien
- Hydrophobe Eigenschaften
- Passform und Konstruktion

Zusätzliche Einflussfaktoren

- Individuelles Empfinden
- Ausreichende Größenwahl der Handschuhe
- Gesamtheitliches Bekleidungskonzept
- Produktpflege und Imprägnierung

Niveau de chaleur basé sur

- Matériaux extérieurs, de l'isolation et de la doublure
- Propriétés hydrophobes
- Ajustement et structure

Autres facteurs d'influence

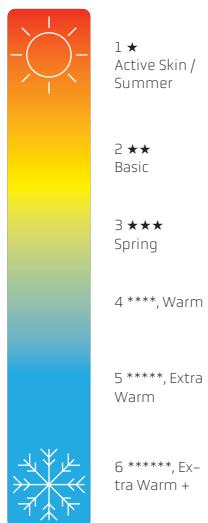

- Ressenti individuel
- Taille de gants suffisamment grande
- Concept vestimentaire global
- Entretien et imprégnation du produit

Livello di calore che si basa su

- Materiale shell, isolante e imbottitura
- Proprietà idrofobiche
- vestibilità, costruzione e struttura

Ulteriori fattori che influenzano

- Percezione individuale
- Ampia gamma di misure
- Concetto di abbigliamento a 360°
- Cura del prodotto e impregnatura

HYDROPHOBIC LEVEL

HYDROPHOBIC FIBERS

Materials with hydrophobic fibre properties.

Hydrophobe Fasereigenschaften der eingesetzten Materialien.

Materials with hydrophobic fibre properties.

Propriétés hydrophobes des fibres des matériaux utilisés. Utilizzo di materiali idrofobici.

SHELLS

MICROFIBER, RIPSTOP

Functional microfibre textiles: light, water-repellent and quick-drying.

Funktionale Mikrofasertextilien: Leicht, wasserabweisend und schnell trocknend.

Textiles fonctionnels en microfibres : légers, hydrofuges et à séchage rapide.

Tessuti in microfibra funzionali: leggeri, idrorepellenti e ad asciugatura rapida.

PALM MATERIALS

AX™ SUEDE / SILICONE AX™ SUEDE

Durable, snug fit and hydrophobic. Multistretch for highest wearing comfort and perfect fit. Depending on model, with additional silicone print for even better grip.

Strapazierfähig, anschmiegend und hydrophob. Multistretch für höchsten Tragekomfort und perfekten Sitz. Je nach Modell mit zusätzlichem Silikonprint für noch besseren Griff.

Résistant, doux et hydrophobe. Multistretch pour un confort optimal et un ajustement parfait. Selon le modèle avec empreinte siliconée supplémentaire pour une meilleure prise en main.

Resistente, confortevole e idrofobico. Multistretch per un elevato comfort di indossabilità e maneggevolezza perfetta. A seconda del modello con ulteriore stampa in silicone per un'aderenza ancora maggiore.

NASH / SILICONE NASH

Durable, snug fit and hydrophobic. Depending on model with additional silicone print for even better grip.

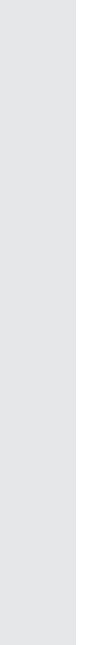

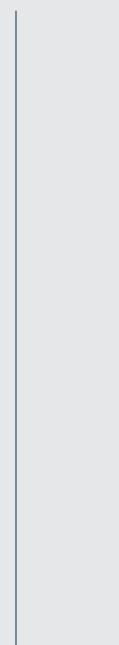

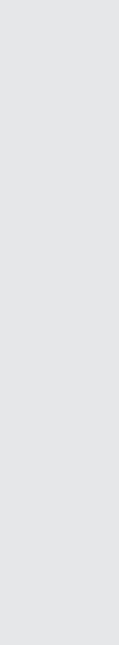

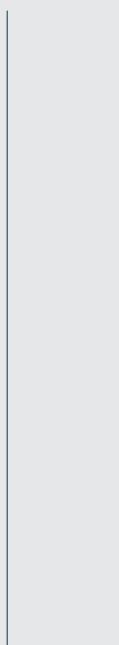

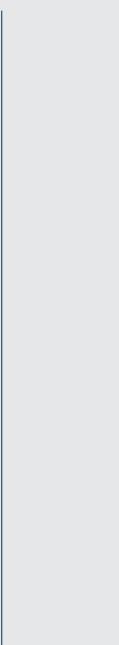

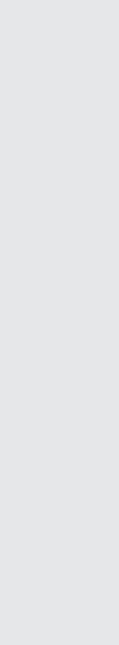

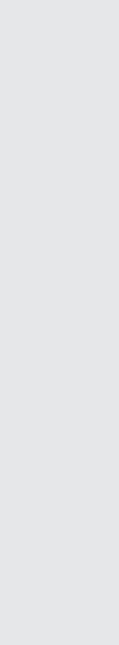

Strapazierfähig, anschmiegend und hydrophob. Je nach Modell mit zusätzlichem Silikonprint für noch besseren Griff.

Résistant, doux et hydrophobe. Selon le modèle avec empreinte siliconée supplémentaire pour une meilleure prise en main.

Resistente, confortevole e idrofobico. A seconda del modello con ulteriore stampa in silicone per un'aderenza ancora maggiore.
